The image shows a screenshot of the Visual Studio Code (VS Code) integrated development environment. The interface is in dark theme. The top menu bar includes File, Edit, Selection, View, Go, and a search bar containing 'git'. Below the menu bar, the left sidebar contains icons for Explorer, Search, Source Control, and Run and Debug. The main editor area displays the 'TERMINAL' tab, showing a series of git commands and their output. The terminal output indicates that a new origin has been added, a push to the master branch has been successful, a new branch 'New_Branch' has been created, and a new file 'text.txt' has been added and committed. The status bar at the bottom shows 'master' and '0 changes'.
